### About the SARC

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school. All data are reported for the 2012-13 school-year, unless otherwise indicated. For more information about SARC requirements, see the California Department of Education (CDE) SARC webpage at [www.cde.ca.gov/ta/ac/sa/](http://www.cde.ca.gov/ta/ac/sa/). For additional information about this school, please contact the school administration at (650) 365-4611.

### District and Community Profile

Located about halfway between San Francisco and San Jose, Redwood City schools are part of a vibrant, historic, culturally rich community that enjoys a charming downtown, scenic mountain vistas to the west and San Francisco Bay shoreline to the east. The district's 16 schools benefit from the involvement of active community members who donate time and resources to ensure that students receive a premier education in well-maintained, modern facilities. Redwood City schools are a vital and active participant in the community, enjoying strong partnerships with the city's Parks and Recreation Department, the Public Library and many other organizations providing services and benefits to the youth of Redwood City.

The Redwood City School District aims to be a premier California school district, and believes that children learn and succeed:

- in a safe environment with challenging and enriching instruction.
- when all students and staff are held to high expectations.
- when each of us supports their intellectual, physical, social and emotional development.
- when they have caring adults in their lives.
- in a community that respects diverse backgrounds and treats everyone equitably.
- when their ideas and involvement are encouraged and respected.
- when families actively support their learning.
- when we work in partnership with families and community.
- when all employees are highly qualified, valued and respected.
- when each of us acts on the conviction that every child can and will learn.

Test scores have been steadily rising in the Redwood City School District. We are proud of the progress we have been making, and have taken strong steps to accelerate the gains. In early 2007, the Redwood City School District put in place an Achievement Plan aimed at assuring high achievement for all students, regardless of background. Key components of the plan include:

- Teacher training.
- Use of state-adopted and research-proven curriculum and instructional strategies.
- Dedicated blocks of time for reading, writing, math, social studies and science.
- Targeted instructional groupings (TIG), where students receive differentiated instructions tailored to their specific needs (for example, English Language Development for English Learners, Reading Intervention for students reading below grade level, and Enrichment for students who are working at or above grade level.)

## Mission Statement

Kennedy Middle School's commitment to its students, staff and community members is to provide a caring, consistent, cooperative and academically oriented environment in order to prepare all students to realize their maximum potential as responsible, accountable citizens in a changing world.

## Kennedy Middle School Core Values

- Kennedy values a healthy, positive, physically and emotionally safe environment.
- Kennedy values a strong, challenging, standards-based curriculum that emphasizes literacy and establishes high expectations for students.
- Kennedy values the strong moral and civic development of students, encouraging accountability, leadership, and responsibility for learning and behavior.
- Kennedy values an environment where teachers and staff are treated and respected as professionals.
- Kennedy values curricula and support services that nurture the creative and physical talents of the whole child.

## School Profile

As the largest comprehensive middle school in the district, Kennedy offers a full spectrum of academic options to meet the needs of all students, including classes such as high school geometry for advanced math students, and intervention classes for students who need extra help in language arts and math. All K-5 and K-6 schools in the district feed into Kennedy. Kennedy offers enrichment classes such as orchestra/band and is known for producing an outstanding musical each spring. Kennedy Middle School's commitment to its students, staff and community members is to provide a caring, consistent, cooperative and academically oriented environment in order to prepare all students to realize their maximum potential as responsible, accountable citizens in a changing world.

## Opportunities for Parental Involvement

Parents play an important role at Kennedy Middle School through active participation and involvement in the School Site Council, English Language Advisory Committee (ELAC), Parent Teacher Association (PTA) and other support committees. Parents are encouraged to volunteer at school events and in classrooms.

Kennedy Middle School is very proud of the strong support it receives from community school partnerships with Kaiser, Miller-Dolezal Architect Design Group, Peninsula Conflict Resolution Center, Peninsula Covenant Church, John Gardner Center at Stanford University, and the County Office for Human Services.

Parents who wish to participate in Kennedy Middle School's committees, school activities, or become a volunteer may contact the school at (650) 365-4611, or visit the website at <http://www.rcsdk8.net/kennedy>

### School Safety Plan

This section provides information about the school's comprehensive safety plan, including the dates on which the safety plan was last reviewed, updated, and discussed with faculty; as well as a brief description of the key elements of the plan.

The School Site Safety Plan is evaluated and revised annually in the fall by the School Site Council. Revisions to the Safety Plan are communicated to staff members annually. Key elements of the Safety Plan include: Anti-Bullying plan, G.R.E.A.T program with the Redwood City Police Department, Peer Mediation and proactive programs such as Cougar Paws and Character Themes of the month to support kids doing well! The school is in compliance with the laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. The school's disaster preparedness plan includes steps for ensuring student and staff safety during an emergency. Fire, earthquake and lock down drills are held every month alternately. We have also parked CERT trailer filled with first aid, generators, and other emergency preparedness items and water storage in case of a major disaster.

Safety of students and staff is a primary concern of Kennedy Middle School. To ensure student safety, supervision is provided on campus at all times. Teachers and administrators supervise students before and after school and during breaks. All visitors to the school must sign in and out at the office, and must receive prior authorization for classroom visits.

### School Facility Conditions and Planned Improvements (School Year 2013-14)

This section provides information from the most recent Facility Inspection Tool (FIT) data (or equivalent), including:

- Description of the safety, cleanliness, and adequacy of the school facility
- Description of any planned or recently completed facility improvements
- The year and month in which the data were collected
- Description of any needed maintenance to ensure good repair

**Year and month in which data were collected:** September 8, 2011

Kennedy Middle School was originally constructed in 1952 and is currently comprised of 54 classrooms, one computer lab, one library, one multi-purpose room, one staff lounge, the administrative support area, a playground, and new athletic fields. During the 2005-06 school year, a rock-climbing wall was installed in the gymnasium for student use during physical education. A new dance studio was also constructed and opened in fall of 2006.

The school was completely modernized in 1995, and further renovated in 2000 as the result of two separate bond projects (Measures A & B). Measure A renovations were completed by February 2002 and included the construction of a new cafeteria/gymnasium, and the complete remodeling of two classrooms, the library/media center, and the administrative support area.

Measure B projects have been completed at variable times over the past three years and have included/will include: the purchase and installation of a sound system for the gymnasium, and video equipment for the television studio; replacement of window coverings, roofing, and perimeter fencing; rebuilding of the play field and all restrooms in older buildings; resurfacing of the playground areas, parking lot, and areas between classroom buildings; fresh painting on all buildings; and campus-wide American Disabilities Act (ADA) improvements. The following chart displays the results of the most recent school facilities inspection.

Suspensions and Expulsions			
Schoolwide	10-11	11-12	12-13
Suspensions Rate	11.4	14.7	12%
Expulsions Rate	1.07	1.4	1.5%
Districtwide	10-11	11-12	12-13
Suspensions Rate	5.88	6.2	
Expulsions Rate	0.3	.25	

\* The rate of suspensions and expulsions is calculated by dividing the total number of incidents by the total enrollment (and multiplying by 100).

### School Facility Good Repair Status (School Year 2013-14)

This section provides information from the most recent Facility Inspection Tool (FIT) data (or equivalent), including:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The Overall Rating (bottom row)

\* "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

**Professional Development**

This section provides information on the number of days provided for professional development and continuous professional growth in the most recent three year period.

Staff members build teaching skills and concepts through participation in conferences and workshops throughout the year. For the past three years, the District has sponsored three staff development days, where teachers are offered a variety of growth opportunities. Topics for staff development during the 2012-13 school year included: Instructional Strategies for the Common Core Standards, Technology Integration in the classroom, Explicit Direct Instruction, FOSS science kit training, Training, Reading Assessment Training for K-2 Teachers and English Language Development strategies. The District also created an optional training program for teachers called RCSD University. This differentiated program allows teachers to choose workshops based on topics they are interested in pursuing.

For additional support in their profession, teachers may enlist the services of the district's Beginning Teacher Support and Assessment (BTSA) facilitator and/or the Peer Assistance and Review (PAR) program.

**Core Academic Classes Taught by Highly Qualified Teachers**

The Federal Elementary and Secondary Education Act (ESEA), also known as No Child Left Behind (NCLB), requires that core academic subjects be taught by Highly Qualified Teachers, defined as having at least a bachelor's degree, an appropriate California teaching credential, and demonstrated core academic subject area competence. For more information, see the CDE *Improving Teacher and Principal Quality* webpage at: [www.cde.ca.gov/nclb/sr/tq/](http://www.cde.ca.gov/nclb/sr/tq/)

### Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2013-14)

This section describes whether the textbooks and instructional materials used at the school are from the most recent adoption; whether there are sufficient textbooks and instruction materials for each student; and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials.

**Year and month in which data were collected:** September 2013

All Redwood City School District students have equal access to state adopted, standards aligned textbooks and instructional materials. Funds are appropriated according to the textbook adoption cycle. Additional supplemental materials are purchased and made available to students. All instructional materials are aligned to the standards and available for each student.

Pursuant to the settlement of Williams vs. the State of California, Redwood City School District thoroughly inspected each of its school sites at the start of the 2013-2014 school year to determine whether or not each school had sufficient and good quality textbooks, instructional materials, and/or science laboratory equipment. All students, including English Learners, are required to be given their own individual textbooks and/or instructional materials (in the four core subject areas: English language arts, mathematics, history/social studies and science), for use in the classroom and to take home if necessary. Additionally, all textbooks and instructional materials used within the District must be aligned with the California State Content Standards and Frameworks, with final approval by the State Board of Education.

The Redwood City School District Textbook selection is done by a District, grade level and subject area committees coordinated by the Deputy Assistant Superintendent of Curriculum and Instruction. The final textbook selections for grades K-8 from the current approved State lists are then selected and the recommendation goes before the School Board for final approval.

Additionally Kennedy is using Scholastic English 3D Language and Writing program ©2006 as supplemental ELD materials.

The chart below displays data collected during the August 2013 District Textbook Audit, in regards to student editions in use at Kennedy Middle School during the current school year (2013-14).

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The Standardized Testing and Reporting (STAR) Program consists of several key components, including:

- **California Standards Tests (CSTs)**, which include English-language arts (ELA) and mathematics (Math) in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science (H-SS) in grades eight, and nine through eleven.
- **California Modified Assessment (CMA)**, an alternate assessment that is based on modified achievement standards in ELA for grades three through eleven; mathematics for grades three through seven, Algebra I, and Geometry; and science in grades five and eight, and Life Science in grade ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations.
- **California Alternate Performance Assessment (CAPA)**, includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations.

The assessments under the STAR Program show how well students are doing in relation to the state content standards. On each of these assessments, student scores are reported as performance levels.

For detailed information regarding the STAR Program results for each grade and performance level, including the Percent of Students not tested, see the CDE STAR Results Web site at [star.cde.ca.gov](http://star.cde.ca.gov).

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible. Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### Academic Performance Index

The Academic Performance Index (API) is an annual measure of state academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. For detailed information about the API, see the CDE API webpage at [www.cde.ca.gov/ta/ac/ap/](http://www.cde.ca.gov/ta/ac/ap/).

API Growth by Student Group – Three-Year Comparison

### Academic Performance Index Ranks - Three-Year Comparison

This table displays the school's statewide and similar schools' API ranks. The **statewide API rank** ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state. The **similar schools API rank** reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

Academic Performance Index Ranks - Three-Year Comparison

### Federal Intervention Program (School Year 2013-14)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. For detailed information about PI identification, see the CDE PI Status Determinations webpage: [www.cde.ca.gov/ta/ac/ay/tidetermine.asp](http://www.cde.ca.gov/ta/ac/ay/tidetermine.asp).

### Adequate Yearly Progress

The federal ESEA requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, can be found at the CDE Adequate Yearly Progress (AYP) webpage at [www.cde.ca.gov/ta/ac/ay/](http://www.cde.ca.gov/ta/ac/ay/).
