About the SARC

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school. All data are reported for the 2012-13 school-year, unless otherwise indicated. For more information about SARC requirements, see the California Department of Education (CDE) SARC webpage at www.cde.ca.gov/ta/ac/sa/. For additional information about this school, please contact the school administration at (650) 369-2264.

District and Community Profile

Located about halfway between San Francisco and San Jose, Redwood City schools are part of a vibrant, historic, culturally rich community that enjoys a charming downtown, scenic mountain vistas to the west and San Francisco Bay shoreline to the east. The district's 16 schools benefit from the involvement of active community members who donate time and resources to ensure that students receive a premier education in well-maintained, modern facilities. Redwood City schools are a vital and active participant in the community, enjoying strong partnerships with the city's Parks and Recreation Department, the Public Library and many other organizations providing services and benefits to the youth of Redwood City.

The Redwood City School District aims to be a premier California school district, and believes that children learn and succeed:

- in a safe environment with challenging and enriching instruction.
- when all students and staff are held to high expectations.
- when each of us supports their intellectual, physical, social and emotional development.
- when they have caring adults in their lives.
- in a community that respects diverse backgrounds and treats everyone equitably.
- when their ideas and involvement are encouraged and respected.
- when families actively support their learning.
- when we work in partnership with families and community.
- when all employees are highly qualified, valued and respected.
- when each of us acts on the conviction that every child can and will learn.

Test scores have been steadily rising in the Redwood City School District. We are proud of the progress we have been making, and have taken strong steps to accelerate the gains. In early 2007, the Redwood City School District put in place an Achievement Plan aimed at assuring high achievement for all students, regardless of background. Key components of the plan include:

- Teacher training.
- Use of state-adopted and research-proven curriculum and instructional strategies.
- Dedicated blocks of time for reading, writing, math, social studies and science.
- Targeted instructional groupings (TIG), where students receive differentiated instructions tailored to their specific needs (for example, English Language Development for English Learners, Reading Intervention for students reading below grade level, and Enrichment for students who are working at or above grade level.)

School Mission Statement

Developing a community of students empowered with knowledge and skills for the future.

School Profile

Roy Cloud School is one of 16 schools in the Redwood City School District. Roy Cloud School is a Kindergarten through eighth grade school that focuses on providing a well-rounded, standards-based program for students. High standards for both academic achievement and behavior are expected. Roy Cloud staff provide a rigorous program, and teachers believe that it is equally important to create positive memories in the lives of students which is key to success not only in school but in life. Together the Roy Cloud community, parents, and staff strive to build a safe and positive environment.

Opportunities for Parental Involvement

Roy Cloud is fortunate to have an involved parent community that is integral to the success of the school. Parents play a crucial role at Roy Cloud School through active participation and involvement in the Parent Teacher Organization (PTO), Art in Action, volunteering, and field trips. Parents and community members are encouraged to participate in school-sponsored committees and activities, as well as volunteer in classrooms. Parent volunteers participate regularly in a variety of school wide activities. After school enrichment programs are funded by community members and the PTO. The following are some of the after school programs offered at Roy Cloud School:

- Chess
- Hip Hop Dance
- Theater
- The Learning Center (TLC)
- Chorus
- Art

Parents who wish to participate in Roy Cloud School's School Site Council, school committees, school activities, or become a volunteer may contact the school at (650) 369-2264. The school's website also provides a variety of resources and helpful information.

School Safety Plan

This section provides information about the school's comprehensive safety plan, including the dates on which the safety plan was last reviewed, updated, and discussed with faculty; as well as a brief description of the key elements of the plan.

The School Site Safety plan is evaluated and revised annually at our Site Council Meetings by administrators, staff, and parents. Revisions to the Safety Plan are communicated to all staff members annually. Our safety plan was last reviewed, updated, and discussed in March of 2013. Key elements of the safety plan focus on disaster preparedness. The school is in compliance with the laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. Fire drills are held monthly. Earthquake and lock-down drills are held twice a year.

Safety of students and staff is a primary concern at Roy Cloud School. To ensure student safety, supervision is provided on campus at all times. Teachers and administrators supervise students before and after school and during breaks. All visitors to the school must sign in and out at the office and wear a badge while on campus. Visitors are welcome, but they must have prior authorization for classroom visits.

School Facility Conditions and Planned Improvements (School Year 2013-14)

This section provides information from the most recent Facility Inspection Tool (FIT) data (or equivalent), including:

- Description of the safety, cleanliness, and adequacy of the school facility
- Description of any planned or recently completed facility improvements
- The year and month in which the data were collected
- Description of any needed maintenance to ensure good repair

Year and month in which data were collected: August 8, 2011

Roy Cloud School was originally constructed in 1957, and is currently comprised of 33 classrooms, two computer labs, one library/media center, one cafeteria/multi-purpose room, one staff lounge, the administrative/support office, a playground, and a play field.

The school was completely modernized in 1998, and further renovated in 2000 as the result of two separate bond projects (Measures A & B). Measure A renovations were completed by January 2002 and included the addition of eight new classrooms, three reclaimed classrooms, and a new library/media center, cafeteria/multipurpose room, and administrative support center. Measure B projects have been completed at variable times over the past three years and have included: roofing replacements; installation of energy efficient lighting and lawn/landscaping; resurfacing of the parking lot, playground, and various walkways; replacing of window coverings, baseball and kickball backstops, fencing, concrete, and asphalt; new painting; and campus-wide American Disabilities Act (ADA) improvements.

At the start of the 2006-07 school year, two additional portable classrooms were installed on-site. In summer of 2009, an additional portable was installed as well. An amphitheater and a Learning Garden are a new addition to the school site. The following chart displays the results of the most recent school facilities inspection.

Suspensions and Expulsions			
Schoolwide	10-11	11-12	12-13
Suspensions Rate	3.57	3.2	2%
Expulsions Rate	0	0	.01%
Districtwide	10-11	11-12	12-13
Suspensions Rate	5.88	6.2	
Expulsions Rate	0.3	.25	

* The rate of suspensions and expulsions is calculated by dividing the total number of incidents by the total enrollment (and multiplying by 100).

Professional Development

This section provides information on the number of days provided for professional development and continuous professional growth in the most recent three year period.

Staff members build teaching skills and concepts through participation in conferences and workshops throughout the year. For the past three years, the District has sponsored three staff development days, where teachers are offered a variety of growth opportunities. Topics for staff development during the 2012-13 school year included: Instructional Strategies for the Common Core Standards, Technology Integration in the classroom, Explicit Direct Instruction, FOSS science kit training, Training, Reading Assessment Training for K-2 Teachers and English Language Development strategies. The District also created an optional training program for teachers called RCSD University. This differentiated program allows teachers to choose workshops based on topics they are interested in pursuing.

For additional support in their profession, teachers may enlist the services of the district's Beginning Teacher Support and Assessment (BTSA) facilitator and/or the Peer Assistance and Review (PAR) program.

Core Academic Classes Taught by Highly Qualified Teachers

The Federal Elementary and Secondary Education Act (ESEA), also known as No Child Left Behind (NCLB), requires that core academic subjects be taught by Highly Qualified Teachers, defined as having at least a bachelor's degree, an appropriate California teaching credential, and demonstrated core academic subject area competence. For more information, see the CDE *Improving Teacher and Principal Quality* webpage at: www.cde.ca.gov/nclb/sr/tq/

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2013-14)

This section describes whether the textbooks and instructional materials used at the school are from the most recent adoption; whether there are sufficient textbooks and instruction materials for each student; and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials.

Year and month in which data were collected: September 2013

All Redwood City School District students have equal access to state adopted, standards aligned textbooks and instructional materials. Funds are appropriated according to the textbook adoption cycle. Additional supplemental materials are purchased and made available to students. All instructional materials are aligned to the standards and available for each student.

Pursuant to the settlement of Williams vs. the State of California, Redwood City School District thoroughly inspected each of its school sites at the start of the 2013-2014 school year to determine whether or not each school had sufficient and good quality textbooks, instructional materials, and/or science laboratory equipment. All students, including English Learners, are required to be given their own individual textbooks and/or instructional materials (in the four core subject areas: English language arts, mathematics, history/social studies and science), for use in the classroom and to take home if necessary. Additionally, all textbooks and instructional materials used within the District must be aligned with the California State Content Standards and Frameworks, with final approval by the State Board of Education.

The Redwood City School District Textbook selection is done by a District, grade level and subject area committees coordinated by the Deputy Assistant Superintendent of Curriculum and Instruction. The final textbook selections for grades K-8 from the current approved State lists are then selected and the recommendation goes before the School Board for final approval.

The chart below displays data collected during the August 2013 district Textbook Audit, in regards to student editions in use at Roy Cloud School during the current school year (2013-2014).

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The Standardized Testing and Reporting (STAR) Program consists of several key components, including:

- **California Standards Tests (CSTs)**, which include English-language arts (ELA) and mathematics (Math) in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science (H-SS) in grades eight, and nine through eleven.
- **California Modified Assessment (CMA)**, an alternate assessment that is based on modified achievement standards in ELA for grades three through eleven; mathematics for grades three through seven, Algebra I, and Geometry; and science in grades five and eight, and Life Science in grade ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations.
- **California Alternate Performance Assessment (CAPA)**, includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations.

The assessments under the STAR Program show how well students are doing in relation to the state content standards. On each of these assessments, student scores are reported as performance levels.

For detailed information regarding the STAR Program results for each grade and performance level, including the Percent of Students not tested, see the CDE STAR Results Web site at star.cde.ca.gov.

Academic Performance Index

The Academic Performance Index (API) is an annual measure of state academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. For detailed information about the API, see the CDE API webpage at www.cde.ca.gov/ta/ac/ap/.

Academic Performance Index Ranks - Three-Year Comparison

This table displays the school's statewide and similar schools' API ranks. The **statewide API rank** ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state. The **similar schools API rank** reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

Federal Intervention Program (School Year 2013-14)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. For detailed information about PI identification, see the CDE PI Status Determinations webpage: www.cde.ca.gov/ta/ac/ay/tidetermine.asp.

Adequate Yearly Progress

The federal ESEA requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, can be found at the CDE Adequate Yearly Progress (AYP) webpage at www.cde.ca.gov/ta/ac/ay/.
