School Mission Statement

The Adelante Spanish Immersion School is a partnership composed of teachers, parents, students, administrators, and community members dedicated to preparing children linguistically, academically and socially to contribute to, and thrive in an ever-changing world. In an environment which depends on each person's strengths and contributions, students will achieve academic excellence in all subjects in English and Spanish. Building upon our diverse backgrounds and through rich learning opportunities, students will develop respect for each other and for different cultures. The Adelante Two-way Spanish Immersion School brings together both Spanish speaking and English speaking students in a unique opportunity to learn and achieve in two languages.

School Profile

Adelante Spanish Immersion School is one of 16 schools in the Redwood City School District. Adelante Spanish Immersion School is a two-way Spanish Immersion School of Choice. Our student population is composed of 50% Spanish-speaking students and 50% English-speaking students. We have high expectations for our students. We expect them to show high levels of proficiency in two languages by the time they exit our school. We have observed what research supports – participation in our immersion program has made the students confident, respectful and academically engaged! In an ever-expanding global economy, our nation will need its future leaders to be both biliterate and have an understanding of multiple cultures. Adelante Spanish Immersion School not only provides a rigorous and innovative educational curriculum, but we also prepare our students to be future 21st century leaders through our Spanish Immersion Program. In addition to the enrichment of learning in two languages, Adelante offers an array of activities for students. During the school year, students participate in dance classes, our garden program, the Art in Action program and weekly music instruction. After school opportunities include ballet folklórico, hip-hop, garden, coding club, math club, and theater. Adelante Spanish Immersion School flourishes due to its warm, nurturing, and family-centered culture. We encourage you to visit us and marvel at the capacities of our students to read, write, explain, analyze, and problem solve in two languages!

In 2015/16, Adelante was named the second place winner in the national Spanish School of the Year competition. Adelante Spanish Immersion School was also awarded placement as an International Spanish Academy school in 2015/16.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2018-19)

All Redwood City School District students have equal access to state adopted, standards aligned textbooks and instructional materials. Funds are appropriated according to the textbook adoption cycle.

Additionally, the district is using EngageNY <http://www.engageny.org> to support English language arts instruction as we transition to the Common Core State Standards.

Pursuant to the settlement of Williams vs. the State of California, Redwood City School District thoroughly inspected each of its school sites at the start of the 2018-2019 school year to determine whether or not each school had sufficient and good quality textbooks, instructional materials, and/or science laboratory equipment. All students, including English Learners, are required to be given their own individual textbooks and/or instructional materials (in the four core subject areas: English language arts, mathematics, history/social studies and science), for use in the classroom and to take home if necessary. Additionally, all textbooks and instructional materials used within the District must be aligned with the California State Content Standards and Frameworks, with final approval by the State Board of Education.

The Redwood City School District Textbook selection is done by a District, grade level and subject area committees coordinated by Executive Directors of Educational Services. The final textbook selections for grades TK-8 from the current approved State lists are then selected and the recommendation goes before the School Board for final approval.

The chart below displays data collected during the August 2018 District Textbook Audit, in regards to student editions in use at Adelante School during the current school year (2018-19).

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

2017-18 CAASPP Results for All Students						
Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	16-17	17-18	16-17	17-18	16-17	17-18
ELA	53.0	54.0	46.0	51.0	48.0	50.0
Math	41.0	40.0	39.0	44.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

School Year 2017-18 CAASPP Assessment Results - English Language Arts (ELA) Disaggregated by Student Groups, Grades Three through Eight and Eleven

Students with Disabilities	34	34	100.00	2.94
Students Receiving Migrant Education Services	--	--	--	--

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students						
Subject	Percent of Students Scoring at Proficient or Advanced (meeting or exceeding the state standards)

Science	N/A	N/A	N/A	N/A	N/A	N/A

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject area of physical education

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2018-19)

Parents play an important role at Adelante School through active participation and involvement in the School Site Council, the English Language Advisory Council, and our parent group Unidos y Adelante. Parents are encouraged to volunteer at school events and in classrooms.

Unidos y Adelante is a nonprofit PTO group open to all Adelante families. Membership in this organization is encouraged, and no membership dues or fees are required in order for families to participate. As members of Unidos y Adelante, parents have the opportunity to provide visible support for their child's language acquisition, to help maintain and improve our school programs, expand their cultural horizons, and network with other schools running similar two-way language programs. Specifically, Unidos organizes all fundraising, social and community outreach events, including family fun nights, the Take Home Reading Program, the Fall Festival, Walk-a-thon, School Book Fairs and the Ice Cream Social. Adelante School also benefits from partnerships with local business and services to provide numerous enrichment opportunities to all Adelante students.

For more information, please contact the school office at 482-2401.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

Safety of students and staff is a top priority at Adelante Spanish Immersion School. The School Site Safety Plan is evaluated and revised annually by members of the School Site Council. Revisions to the Safety Plan are communicated to all staff members annually. Key elements of the Safety Plan include: comprehensive plans for disasters and routine emergencies and the procedures for safe ingress and egress of students. The school is in compliance with the laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. The school's disaster preparedness plan includes steps for ensuring student and staff safety during an emergency. Fire and earthquake drills are held on a regular basis throughout the school year.

To ensure student safety, supervision is provided on campus at all times. Teachers and yard duty staff supervise students before and after school and during recess. All visitors to the school must sign in and out at the office, and must receive prior authorization for classroom visits.

Professional Development provided for Teachers

2016-2017

A District Curriculum Planning Committee was formed to monitor district progress toward Common Core State Standards implementation and ultimately ensure students' academic achievement. The Curriculum Planning Committee met to establish a district timetable, conduct a needs assessment, analyze results of the needs assessments and determine a plan toward CCSS implementation. The professional development plan was directly connected to meet student needs as per data analysis. Reading instruction, language acquisition and a systematic approach toward student achievement was developed. RCSD began implementation of "non-negotiable" items presented as our district Platinum Ticket.

The Platinum Ticket included instructional expectations across content areas in Reading, Math, English Language Development, Science, and Social Science instruction. In order to support classroom teachers toward implementation RCSD determined there needed to be a stronger investment in new technology with Professional Development for all teachers on the use of integrated technology. RCSD built a stronger Staff Development Team by adding on one additional Staff Development member with English Learner and Middle School to support the work with an identified need: Long-term English Learners. Principals participated in Instructional Rounds to better develop their understanding on the expectations for the Platinum Ticket.

Professional Development was provided in the following areas to ensure alignment with district expectations on the Platinum Ticket:

- Sobrato Early Academic Learning (SEAL)- a method of instruction that supports the development of oral language while learning content standards
- ELA and Math pacing guides to match CCSS expectations to ensure alignment in standards instruction and curriculum
- Best instructional practices that deepen conceptual understanding and increase student mastery of the focused standards in the pacing guides.
- Designated ELD classes to include intellectual quality in lessons that are grade specific, and academic English focused from content areas, extended language interaction, and focused on meaning, forms of language and formative assessment practices.
- Instructional practice for the Middle Schools for Long-Term English Learners
- Small-targeted reading instruction in grades K-5 to explicitly address the Foundational Skills
- ELA, ELD, and Social Science/Science curriculum to develop lessons for Designated ELD to ensure academic achievement in the core academic subjects.
- of the PD and offer guidance for improvement as needed.
- Fountas and Pinnell reading assessments and analysis of the reading records
- Fountas and Pinnell Intensive Reading Intervention program
- Authentic use of technology to create and extend learning. The PD will be a part of the lesson planning and integrated into the district developed content -based units of study.

Finally, Middle School Math teachers participated in monthly PD as they implemented a new math program.

2017-2018

RCSD continued to provide Professional Development as per data analysis targets. There was a new adoption for English Language Arts and English Language Development curriculum. The focus for the year was on the understanding and implementation of the new ELA/ELD curriculum. There were two full days in August, one faculty meeting in October and one full day in January for Professional Development. In addition, each school site was asked to commit two minimum planning days for data analysis. Professional Development was provided to all teachers to ensure alignment on the data analysis process that included SMART Goals development.

Special Education teachers were provided with more focused PD to meet the needs of their specialized population. As per the SBAC results, more support was needed in instructional practice in all grades.

The Middle School teachers in Math worked on their second year of implementation on their new Math program. PD was provided with a focus on supporting language learners on this more rigorous math program.

Principals continued with Instructional Rounds to better develop their understanding of the teaching of reading.

SEAL Training continued for new teachers. SEAL Planning days were also provided for the development or refinement of their integrated content-base units.

This year coaches were added to ensure that classroom teachers were provided with real time coaching to implement the instructional practices expected. The SEAL and Literacy Coaches, as well as the district level Staff Development personnel, were visible each day at school sites. We have learned that one day PD is not enough, teachers need the real-time coaching to develop strong instructional practice.

2018-2019

The Redwood City School District Staff Development team continues to plan and provide professional development for PreK-8 classified and certificated staff.

This year the focus of professional development is on the social emotional and academic success of all learners. Administrators, teachers, and classified staff will gain an awareness and understanding of current challenges, which include Trauma Informed Classroom Practices, Human Trafficking Issues, a presentation on Gender Spectrum, implications for instruction with the new English Learner Performance Assessment of California, content specific pedagogy for integrating academic language across content, and including writing across the content areas.

In order to further deepen state standard implementation, RCSD will embark on a new Instructional Coaching model. The Instructional Coaching Model has the potential to raise the academic rigor across the district.

“The goal of the RCSD Instructional Coaching Model is to remove any barriers obstructing the implementation of effective instruction that positively impacts student success. “

Together, with the Staff Development personnel, each principal will be released two days a month to provide coaching for teachers and/or lead data analysis meetings to target coaching sessions.

The Staff Development Team, including the SEAL and Literacy Coaches, will continue to provide additional coaching support to all school sites on the implementation of the Platinum Ticket using district-adopted curriculum. Clifford School has been added as an official SEAL Site.

Finally, in partnership with the National Urban Alliance (NUA) and international speaker, Dr. Yvette Jackson, the Redwood City School District will work to create classrooms as places where there is truly a belief in the intellectual capacity of all students. Instructional practices that develop the cognitive potential of students will be highlighted and shared. These “gifted” practices will be implemented with all students through this work. The understanding is students develop higher cognitive potential through the intentional implementation of high order teaching practices. RCSD understands that instruction begins with student strengths and provides enriching options and direction to bring those strengths to the surface and promotes high intellectual performance for all students.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
